

Pave Systems Inc.™ is the trusted leader delivering student conduct and campus safety solutions to higher education institutions worldwide.

Judicial Action™:

The recognized leader nationwide adjudicating, managing, reporting and communicating student conduct violations.

- ✓ Covers the judicial process campus-wide bringing together student affairs, residence life, health & counseling, academics, athletics and police among other judicial process stakeholders
- ✓ Delivers innovative and unmatched judicial process functionality
- ✓ Generates smart reports with full paperless office capabilities
- ✓ Provides for best practices in the student conduct process
- ✓ Customizable to fit your process with full case management capabilities
- ✓ Clery Action module provides accurate, timely and standardized reporting of crime statistics as required by law.
- ✓ Customized alerts for students, administration, police departments, and others using interactive and timely content
- ✓ Automatically reminds both students and staff of upcoming hearings, meetings, sanctions and other events
- ✓ Compatible with all operating systems (PC, MAC) and all web browsers
- ✓ Enables compliance with federal laws including FERPA, Clery, Sex Offender Act and DFSC Act.

The Judicial Communicator™:

The leading conduct process assessment and surveys system which also provides for sanction management and advanced student communications.

- ✓ Provides for conduct process assessments and smart survey capabilities
- ✓ Manages the sanctioning process from initiation to conclusion
- ✓ Manages hearing schedules for both the hearing officer and the student in an interactive and smart format
- ✓ Offers an optional Victim Communication Management system to provide for discretionary and controlled communication between administrators and victims
- ✓ Connects all judicial process stakeholders across different campus units as well as the outside stakeholders including parents and federal/state agencies when needed

DB Counts™:

An easy-to-use web-based system for damage billing, tracking, and accounting for student conduct-related charges, damages and bills.

- ✓ Manage the damage incident and billing process from initiation to conclusion while managing student records, maintain damages and appeal history from damage assignment all the way to decisions
- ✓ Increase your billing process success and generate revenues for your office while supporting student learning through financial incentives.
- ✓ Enables communications with your maintenance staff and police.

Campus Counts™:

The standard solution for student-at-risk management, emergency, behavioral intervention teams (BIT) management as well as tracking of any/all types of incidents inside and outside your campus.

- ✓ Reports, manages and tracks health-based incidents (i.e. mental illness, eating disorder, attempted suicide, and other medical/personal incidents)
- ✓ Manages Behavioral Intervention Teams (BIT) and related processes
- ✓ Reports, manages and tracks location-based incidents (i.e. floods, fire, false fire alarms, re-occurring maintenance issues)
- ✓ Generates smart reports including trend analysis that leads to the identification of accident prone students or high risk locations
- ✓ Campus wide coverage bringing all concerned stakeholders together
- ✓ Instant communications, personalized reminders and automated alerts
- ✓ Enables compliance with the federal laws including FERPA, HIPAA, NIMS, UCR, the Campus Fire Safety Act and the DFSC Act.

ADR Counts™:

An industry-first, ADR Counts™ is comprehensive application and management program for operating your campus alternative dispute resolution program

- ✓ Enables hearing officers to resolve incidents informally and non-judicially using a restorative justice philosophy.
- ✓ Design your own evaluation criteria and resolution process.
- ✓ Invite all stake-holding individuals and reach an agreement to resolve the dispute outside the student conduct paradigm.
- ✓ Manage all the unique and specialized aspects of your ADR process including specialized consideration for the student's records, resolution-process steps and outcomes, and assignments and community closure needs
