

Pave Systems Inc. is the trusted leader delivering student conduct and campus safety solutions to high schools, colleges and universities worldwide.

Judicial Action™:

The premier and most trusted student conduct management system

- ✓ The most complete product with the richest functionality in the market
- ✓ The best pricing with no hidden fees or confusing pricing options
- ✓ Smart notifications, alerts, behavioral intervention, threat assessment, messaging and rich communication tools
- ✓ Compatible with all mobile devices and all browsers
- ✓ Unlimited set of reports when you need them and how you need them
- ✓ Personalized menus and access levels for all types of users at different departments campus wide
- ✓ Enables compliance with federal laws including Clery, FERPA, Clery, Sex Offender Act and DFSC Act.
- ✓ The most comprehensive covering all aspects of your student conduct process today and in the future.
- ✓ Installation in less than one day by dedicated professionals. Customized training and no data migration fee.

The Judicial Communicator™:

The leading assessment and surveys system for students and administrators.

- ✓ Provides for conduct process assessments and smart survey capabilities
- ✓ Manages the sanctioning process from initiation to conclusion
- ✓ Manages hearing schedules for both the hearing officer and the student in an interactive and smart format
- ✓ Offers an optional Victim Communication Management system to provide for discretionary and controlled communication between administrators and victims
- ✓ Connects all judicial process stakeholders across different campus units as well as the outside stakeholders including parents and federal/state agencies when needed

DB Counts™:

An easy-to-use and cost effective system for damage billing, tracking, and accounting for student conduct-related charges, damages and bills.

- ✓ Manage the damage incident and billing process from initiation to conclusion while managing student records, maintain damages and appeal history from damage assignment all the way to decisions
- ✓ Increase your billing process success and generate revenues for your office while supporting student learning through financial incentives.
- ✓ Enables communications with your maintenance staff and police.

Campus Counts™:

The premier and most trusted campus safety management system for high schools, colleges and universities worldwide

- ✓ Manages any/all incident types (mental, behavioral, academic, personal, medical and any other incident types related to students inside or outside your campus)
- ✓ Identifies high risk students (i.e. sex offenders, multiple drug users, persons of interest, behaviorally threatening students among others)
- ✓ Early warning system for faculty, health professionals, police, academic departments and other key stakeholders inside and outside your campus
- ✓ Identifies high risk locations (i.e. floods, fire, false fire alarms, re-occurring maintenance issues)
- ✓ Highly advanced notification, instant alerts, trend analysis, smart reports and communication tools including at time of emergencies.
- ✓ Personalized views and access bringing all concerned stakeholders together inside and outside your campus
- ✓ Enables compliance with the federal laws including FERPA, HIPAA, NIMS, UCR, the Campus Fire Safety Act and the DFSC Act.
